IBANKI YASEPOSINI AYIKASIFAKI SICELO SEPHEPHA-MVUME LEBHANKI ELIPHELELEYO

Intatheli: *Marecia Damons*

MZANTSI AFRIKA

Kutheni i-Postbank yenza ukuba wonke umntu atshintshela kwikhadi elimnyama, kwaye ngokukhawuleza wenza u-U-turn?

- IBanki yasePosini ayikasifaki sicelo sephepha-mvume lebhanki elipheleleyo, kodwa ithi ivumelekile ngokusemthethweni ukuba ikhuphe amakhadi phantsi koMthetho weNkqubo yeNtlawulo yeSizwe.
- Ukukhutshwa kweKhadi eliMnyama kwanqunyanyiswa ngesiqophe ngo-Epreli kulandela inguqu engumbhodamo esuka kwiKhadi leGolide lakwa-SASSA.
- I-Reserve Bank ithe ukunqunyanyiswa okwethutyana kokuqaliswa kweKhadi eliMnyama yayikukuvumela iBhanki yasePostbank ukuba ifakele ulawulo olongezelelweyo kuMakhadi aMnyama.
- I-Postbank ithi iKhadi eliMnyama neGolide lihlala lisemthethweni, kwaye isazimisele ukwenza isicelo sephepha-mvume lebhanki elipheleleyo. Emva kweenyanga zotyhalo lwelizwe lonke lokufumana abaxhamli besibonelelo sikarhulumente ukuba batshintshela kumakhadi amatsha eBhanki yasePosini, iBhanki enguVimba yoMzantsi Afrika (SARB) iqinisekise ukuba ibhanki yasePosini ayikasifaki sicelo sipheleleyo sephepha-mvume lokubhankisha.

I-SARB ixelele iGroundUp: “I-Postbank kufuneka ifake isicelo ngokwecandelo 16 lomthetho iBanks Act ukubhaliswa njengebhanki, ukuvunywa kwaso isicelo sixhomekeke/kuxhomekeke ekuthotyelweni kwayo izibonelelo ezixelwe phantsi kwecandelo 17 lomthetho iBanks Act. I-Prudential Authority ayikhange ifumane sicelo kulo mba.” Endaweni yoko, i-Postbank isebenza njengo-Mthathi-nxaxheba weNkqubo eMiselweyo yokuCoca (i-DCSP) phantsi koMthetho weNkqubo yeNtlawulo yeSizwe, eyivumelayo ukuba ikhuphe izixhobo zokuhlawula ezifana ne-SASSA Gold kunye ne-Postbank Black Cards ngaphandle kwelayisensi ephelileyo yebhanki, ngokutsho kwe-Reserve Bank. I-Postbank ixelele iGroundUp ukuba “ukuba yibhanki egcwele ilayisensi yorhwebo yinxalenye yogunyaziso olubanzi lwePostbank lokuzinzisa kwibhanki karhulumente waseMzantsi Afrika”, kwaye “isazimisele ukwenza isicelo selayisensi yebhanki ... kwaye isendleleni namaxesha eprojekthi yokwenza oko”. Isithethi sakwaSASSA uPaseka Letsatsi uthi banolwazi ngelayisensi esebenza phantsi kwayo ibhanki yasePostbank. “Kubekho iintlanganisano phakathi kwebhanki yasePostbank iBhanki enguVimba yoMzantsi Afrika kunye neSASSA engumntu onomdla, xa sele bequmbele ezo ngxoxo, iSASSA izakwaziswa ngeziphumo kwaye oko kuzakwaziswa noluntu,” utshilo uLetsatsi. Ukukhutshwa kweKhadi eliMnyama elinesiphithiphithi. Ngo-2021, 2022 no-2023, iSARB yakhupha izaziso ezitshintshayo ezifuna ukuba iPostbank iwasese amaKhadi eGold kwi ‘system’ ize iwafake endaweni yawo kusetyenziswa isitshixo sokhuseleko sekhadi elitsha ngowama-31 kuMatshi ka-2025. I-Postbank yathi ekuqaleni utshintsho olusuka kwiGolide ukuya kwiKhadi eliMnyama luza kugqitywa “ukuba nje iKhadi leGold litshintshiwe”. Kodwa ekuqaleni kukaJanuwari, isithethi sePostbank uBongani Diako ukhankanye umhla wokugqibela kudliwanondlebe lukano-mathotholo. “Abaxhamli bayakhuthazwa ukuba bawafumane la makhadi matsha ngokukhawuleza kuba amakhadi ngokuqinisekileyo kufuneka abe ephumile kwinkqubo nge31 kaMatshi kulo nyaka.

Teaching youth the power of the pen

More than 60 youth from Dunoon, Atlantis, Langa and Philippi have completed a creative writing pilot programme hosted by the City's Community, Arts and Culture Development Department. Candidates were selected in conjunction with community representatives.

The participants, aged between 18 and 35, first attended a workshop on everything writers need to know – from publishing, copyright and editing to marketing, branding and social media. They were then paired with mentors who guided them for three weeks while they wrote stories and poems about their lives, communities, and global themes such as resilience, hope and culture.

To conclude the programme, the authors of the most compelling work will be offered an opportunity to have their manuscripts professionally edited and compiled. They can then choose to self-publish or present their work to a publisher.

Learning the write stuff: A City pilot to help young people hone their creative writing skills offers the top participants a chance to have their work published.

No stopping the City's pipe replacers

As of March, the City had reached nearly 65% of its targets for both water and sewer pipe replacements citywide in 2024/25 as part of a bold push to upgrade critical infrastructure.

From 1 July 2024 to March 2025, the City replaced an astonishing 31 626 m of water pipes and 64 136 m of sewer pipes across town, and teams continue to push towards the targets of 50 000 m and 100 000 m respectively. More than R523 million on the 2024/25 budget has been allocated to this important task.

Rehabilitating and replacing ageing

water and sanitation infrastructure proactively reduces the risk of service disruptions, sewer blockages and overflows. To prioritise areas for pipe replacements, the City identifies ageing infrastructure, and areas in need of capacity upgrades. It also analyses public notifications raised, depot reports of structural failures, as well as geographic information systems (GIS)

mapping, which captures vital data such as pipe sizes, locations, manholes and household connections. With some 9 300 km of sewer pipeline and 10 700 km of water pipeline servicing properties across the Mother City, these infrastructure investments are crucial in building long-term resilience and securing reliable services for our growing population.

Water meter replacements still rolling

Since 2023, the City has invested R131 million in replacing and relocating 42 949 water meters at business and residential properties to ensure easier reading and more accurate billing. The final stages of this project for 2024/25 are rolling out in Gugulethu, Nyanga East, New Crossroads, Delft (Voorbrug, Eindhoven and The Hague), Belhar, Hanover Park, Manenberg, Pinati Estate, Newfields, Athlone, Rylands, Surrey Estate, Heideveld, Bonteheuwel, Kalksteenvontein, Bishop Lavis, Elsies River, Clarkes Estate, Leonsdale and Ravensmead. Further investments in the programme are planned for 2025/26.

Not sure? Suss it out.

The work is performed by City-appointed contractors. You will receive an official City letter confirming that your meter needs to be replaced. To check that the contractor is there on City business before allowing them access to your property, contact us on 060 018 1505 (WhatsApp), 31373 (SMS, max 160 characters), water@capetown.gov.za or www.capetown.gov.za/servicerequests. Alternatively, phone the City call centre on 0860 103 089. Have your account number ready. If no one is home, the contractor will leave a seven-day notice with details of the next scheduled visit.

Spending where it matters will see Cape Town flourish

At the end of March, we tabled the fourth – and second – last – budget of this term of office. We will soon conclude public participation on the budget and then vote in Council to adopt it. Looking back on the past three and a half years, it is encouraging to see so many of our biggest infrastructure investments and milestones being realised and reached.

Initially, the ever-increasing targets of pipe replacements, road repairs, power procurement and affordable housing seemed daunting. But we have stuck to our promise of increasing our infrastructure spending on each new budget, and we are 100% on track to deliver what we pledged.

This record investment in Cape Town's infrastructure is not a luxury or mere nice-to-have. You only need to look at every other South African metro, where timeous investments have not been made, to know that our budget priorities are critical and urgent. Spending on infrastructure is non-negotiable if Cape Town is to avoid the fate of those other cities.

We're ramping up our water and sanitation investments, particularly in lower-income communities, where

A MESSAGE FROM THE EXECUTIVE MAYOR

proper sanitation is the biggest enabler of a life of dignity. In addition to our multi-billion-rand upgrades of wastewater treatment works, the Cape Flats bulk sewer upgrade is the biggest project of its kind in South Africa.

Likewise, our MyCiTi expansion into the metro southeast, connecting Khayelitsha, Mitchells Plain and other communities with Wynberg and Claremont, is the biggest such project ever undertaken in our country. As part of the penultimate phase of this MyCiTi expansion, we have just broken ground in Claremont, and

we are seeing wonderful progress on our "Sky Circle" in Lansdowne. Once completed, this route will be a true gamechanger for many Capetonians.

Perhaps the biggest news from the 2025/26 budget, however, is the R6,7 billion spend on safety and security, which will see 700 new municipal police officers deployed across town. These are in addition to the 400 officers we've added since the start of the term. We continue to lobby for more policing powers from National Government so that we can effectively investigate crimes and get criminals locked up. Yet we're also investing heavily in our own boots on the ground to take back our communities from gangsters, drug dealers and other criminals.

These are some of the budget highlights that will future-proof our city and prepare it for the population and economic growth that is headed our way. Against a backdrop of municipal collapse elsewhere, we are bucking the trend in South Africa and showing that decline and failure is preventable. It is indeed possible to build a city of hope.

Geordin Hill-Lewis
Cape Town Mayor

Report potholes for pre-rain repairs

With the rainy season approaching, the City is proactively repairing as many potholes as possible to help maintain a safer road network for all. Play your part by reporting any potholes in your area. Do so by:

- using the City of Cape Town app;
- phoning the City's call centre on 0860 103 089;
- sending an email to contact.us@capetown.gov.za; or
- logging a service request on www.capetown.gov.za/servicerequests.

You report. We repair: Residents and road users are encouraged to report potholes as part of the City's Fix It Before Winter campaign.

Western Cape dam levels similar to this time last year

The dam levels for Cape Town are sitting at 59,3%. The City is aiming for an overall usage target of 650 million litres per day – which means Capetonians should try to use less than 105 litres per person per day.

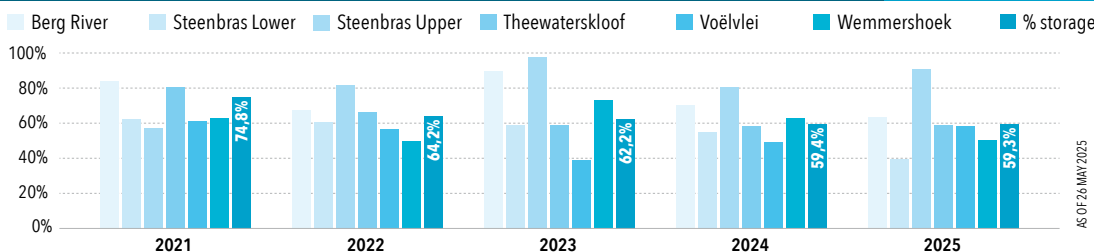

Protect our water resources by following water-wise guidelines. Residents and businesses are reminded that the permanent regulations contained in the City's Water By-law still apply across Cape Town, regardless of the

restriction level.

Municipal water may be used in gardens only before 09:00 or after 18:00, but never to hose down paved areas.

- Visit www.capetown.gov.za/thinkwater or www.capetown.gov.za/waterregulations to access the regulations.

R2,8 bn secured to gear up our electricity grid

Up until June 2027, the City will be spending R39,5 billion on infrastructure in the country's largest ever three-year infrastructure investment by a metro. This includes investing over R4 billion in electricity grid upgrades and maintenance, which will be partly funded by a R2,8 billion concessional loan recently obtained from German development bank KfW.

Getting grid future-fit

The upgrades to Cape Town's grid form part of the City's planned transition to a dynamic, decentralised and secure energy future. The improvements will

enable the City to beat outages, diversify supply, ensure reliable electricity for a growing city, and enable thousands of small-scale sellers to move electricity across the grid. Ensuring a stable supply, in turn, is essential for economic growth and social development.

The KfW's concessional 15-year loan offers favourable terms for long-term affordability, enabling the City to invest sustainably in infrastructure with long operational lifespans.

Go big ... go blended

The City's ten-year infrastructure pipeline represents

an investment of approximately R120 billion, with the majority of projects tying in with the metro's overall Climate Change Strategy. To fund these ambitious plans, the City is following a blended model, which includes funding from its own healthy balance sheet as well as finance from the local and international markets. Other external finance secured in recent years include R3,5 billion from Nedbank and R2,8 billion from the International Finance Corporation (both in June 2024), as well as €100 million from the Agence Française de Développement (in April 2023).

Die Stad het aan die einde van Maart die vierde – en voorlaaste – begroting vir hierdie ampstermyn ter tafel gelê. Blaauwberg Road corridor plan comes together

Extensive consultation with residents and other stakeholders since 2023 has now culminated in a Council-approved local spatial development framework (LSDF) for the Blaauwberg Road corridor. The corridor extends over some 5 km from Marine Circle in the west to the intersection with Koeberg and Potsdam roads in the east.

When Blaauwberg Road was developed in the late 1980s, it was intended for low-density suburban residential use, with limited consideration of its link to the natural environment and open spaces. Since then, the urban footprint has expanded significantly to the north, which has brought an increase in congestion along Blaauwberg Road. Moreover, historical title deed restrictions limit the development potential along the corridor.

LSDF strategies in short

In remedying all of the above, the new LSDF ties in with the 2023 Blaauwberg district plan in prioritising Blaauwberg Road and part of Marine Drive for mixed land use and higher-density development, and pursuing improved access to coastal opportunity areas, such as the Table View beachfront. Future development will be guided by the following spatial strategies:

- Establishing a greater mix of economic opportunities along Blaauwberg Road, which is currently mostly focused on the services and retail industries
- Enhancing access to the Marine Circle area and the coastline
- Developing the western section of the corridor between Marine Circle and the R27 as a mixed-use economic area
- Keeping in mind the surrounding natural assets such as Rietvlei and the coast, as well as the capacity constraints of current services infrastructure
- Harnessing Blaauwberg Road's status as a MyCiTi main route to give more people access to opportunities
- Providing a range of housing opportunities to accommodate varied income levels

The overall intention is to build a resilient corridor that can withstand the impact of climate change and meet residents' needs.

All hands on deck again for Table View upgrade

Although the civil works on the Table View beachfront had to be halted last year due to contractor performance issues, work has now resumed. A project recovery plan will ensure that this popular public space is completed swiftly and up to spec.

When it became clear in November last year that the civil works for the revitalisation and rehabilitation of the Table View beachfront were not being delivered as expected, the City had no choice but to terminate the contract. However, with a project recovery plan in place, work has officially recommenced and has been divided into the following three manageable packages:

- Repairing/refurbishing all beach access points and staircases, existing timber fencing along the beachfront, and stormwater outlets and retaining structures, as well as completing the remaining civil works at the Bokkomsbaai parking area
- Constructing a new parking area opposite Visagie Street, constructing and refurbishing parking areas along Beach Boulevard and Otto du Plessis Drive (between Marine Circle and Perlemoen Street), constructing a beachfront walkway from Marine Circle to Perlemoen Street, and restoring the walkway from Marine Circle to Dolphin Beach

Same view, better beachfront: The highly anticipated Table View beachfront upgrade is back on track. By November 2026, this artist's impression will have come to life.

- Constructing new ablutions between Shell and Seal roads, upgrading the ablutions at Bokkomsbaai, and refurbishing the old tourism office to house a second ablution facility south of Marine Circle

Those portions of work that would likely cause the largest disruption should be concluded by April 2026, with an overall anticipated completion date of November 2026. During construction, the beach will remain accessible to the public, although areas under construction will be closed off. Please remember to keep dogs on a lead, adhere to the on-site signage, and access the beach via designated pathways only.

Dunes doing their thing

The beachfront rehab spans a 3 km stretch of coastline from Dolphin Beach in the south to Bokkomsbaai in the north. The rehabilitation of the dune cordon was completed in June 2024 already. The dunes are now being managed to ensure that they remain stable, which includes maintaining wind nets and vegetation. Now that the dunes are settling, the benefits of their re-profiling are starting to emerge. They not only frame the spectacular view of Table Mountain; the rehabilitated dunes also open previously unusable recreational space, act as a natural, soft coastal defence, and reduce sand accumulation on nearby infrastructure.

Scottsdene residents gain secure tenure

The City's Deed-to-Door campaign recently visited two Scottsdene families to hand them the title deeds to their City units. The metrowide campaign has been running for more than a year as the City works hard to provide qualifying beneficiaries with security of tenure.

Due for a deed?

If you or a relative are a beneficiary of a City unit, but haven't received the

title deed, visit a City services roadshow in your area, or go to the Human Settlements kiosk on the second floor of the Cape Town Civic Centre on weekdays, 09:00–12:00. Take along the ID of the owner and spouse (if applicable), the marriage certificate (if applicable), and in the event of a deceased owner, the death certificate and a letter of authority.

Alternatively, send a request to housing.db@capetown.gov.za or

title.deeds@capetown.gov.za. Put the erf number and area in the subject line, and the registered deed holder's name and surname, ID number and address in the body of the email.

* For more information, phone the City on 021 444 0333 (weekdays 07:30–16:30). Also update your details on the Housing Needs Register at <https://web1.capetown.gov.za/web1/HWL2012Online/>.

Overjoyed to be an owner: Mayor Geordin Hill-Lewis and Cllr Carl Pophaim (Mayco member for Human Settlements) visited Scottsdene residents to bring them the deeds to their City units as part of the municipality's unique no-cost transfer programme.

More MyCiTi stops for Parklands

The City is proposing new MyCiTi stops along the T03 route in Parklands to improve access to the service. The proposed locations are Tryall West (northbound) near the intersection of West Coast and Tryall roads, and Tryall West (southbound) on the opposite side of the road. Visit the MyCiTi website for more information and for the outcome of the public participation process.

Your roadworks roundup

In **Windermere**, the City is resurfacing and applying new road markings along Albacore and Ventura streets, Kitty Hawk Road and 18th Avenue. The same scope of work is being carried out in **Kensington** along 4th Street and 8th and 10th avenues. Work is subject to the weather, and partial lane closures may be implemented. Motorists are advised to consider alternative routes to minimise delays.

Ná uitgebreide oorlegpleging met inwoners en ander rolspelers sedert 2023 het die Raad nou 'n plaaslike raamwerk vir ruimtelike ontwikkeling vir die Blaauwbergwegkorridor goedgekeur. Die korridor strek oor sowat 5 km van Marinesirkel in die weste tot by die kruising met Koeberg- en Potsdamweg in die ooste.

Toe dit teen November verlede jaar duidelik word dat die siviele werke vir die vernuwing en rehabilitasie van die Table View-strandfront nie aan verwagtinge voldoen nie, kon die Stad nie anders as om die kontrak te beëindig nie. City teams attend to hundreds of streetlight-related service requests in vandalism hotspots such as Scottsdene, Kraaifontein. Although the neighbourhood falls in an Eskom supply area, the City is responsible for maintaining and repairing its streetlights. The municipality is doing everything it can to deter vandalism, including opting for luminaires that contain less sought-after metals. Significant investment over the next three years will include the installation of the more efficient light-emitting diode (LED) luminaires metrowide.

Protect your power

Please report malfunctioning streetlights and any instances of vandalism and illegal connections to the City's Public Emergency Communication Centre on 021 480 7700.

Help us shine a light on vandalism: The City calls on residents in streetlight vandalism hotspots such as Scottsdene in Kraaifontein to report suspicious behaviour relating to public lighting infrastructure.

Battle against blockages in Dunoon continues

Abuse of the sewer system in Dunoon is not letting up, and the money and time spent unblocking pipes can be put to much better use.

Since 2023, the City's sewer maintenance team has cleared 629 sewer blockages in Dunoon. Most of these were the result of rags, rubble and foreign objects being flushed down toilets or dumped into the sewer system via street drains. Blockages and overflows also tend to increase during winter, when illegal stormwater-sewer connections raise water levels in the sewer network during heavy rainfall.

As part of proactive efforts to prevent foreign objects from entering the sewer system, the City has installed sand traps at strategic locations. Serviced every second day, the traps yield an average of 11 000 kg of waste every month.

Blockages blowing the budget

Clearing sewer blockages has become an extremely costly, repetitive exercise. Often, City teams need to return to the same pipeline to clear a new blockage within days of unblocking it. To reduce sewer overflows, infrastructure needs to be left

Pricey and preventable: The City's teams have their hands full keeping the sewer system in Dunoon clear of objects that do not belong there. Abuse of the sewer system is consuming far too much of the City's time and taxpayers' money.

intact once repaired, and must be used responsibly. Pipes and manholes must remain clear.

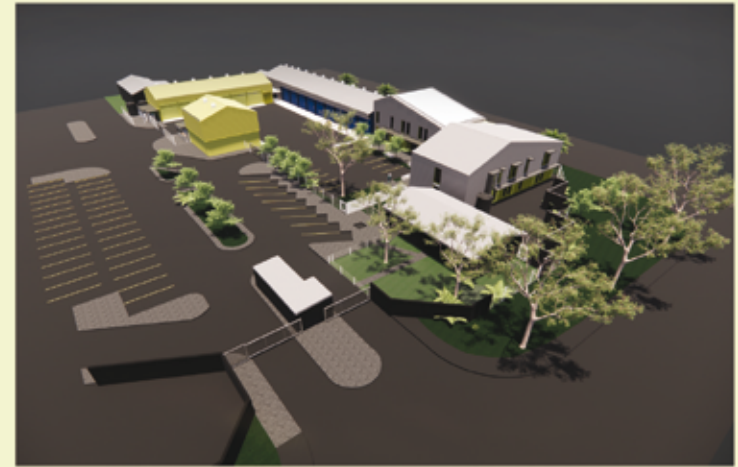

Do your part for our pipes

- Only human waste and toilet paper should be flushed down the toilet - anything else will block the pipes.
- Properly dispose of your waste, using the City's services. The drain should never be used as a bin.
- Use the City's drop-off facilities to get rid of your recyclables (find your closest drop-off at <https://bit.ly/3mhagVh>).

See something, say something

Report sewer blockages and overflows, vandalism to the system, as well as stolen or missing sewer manhole covers to the City on 060 018 1505 (WhatsApp), www.capetown.gov.za/servicerequests, water@capetown.gov.za, 31373 (SMS, max 160 characters), 0860 103 089 (call centre) or at your nearest City walk-in centre.

Ready for a run soon: Councillors and other stakeholders recently visited the Wesfleur athletics track in Atlantis to check on progress with the track's refurbishment. The City is investing R60 million to improve this track as well as the one in Blue Downs. The upgrades include resurfacing the track and improving key features such as the hammer throw cage, take-off boards and steeplechase area.

Hitting refresh for Atlantis depot: The Atlantis Roads Infrastructure Management (RIM) depot is one of four depots - one in each City service delivery area - due for an upgrade. The other depots earmarked for a refresh are in Hout Bay, Strand and Kraaifontein. The design for the Atlantis facility (see artist's impression above) has received a four-star certification from the Green Building Council of South Africa. During construction, staff will operate from Mamre.

IMVELAPHI YOLWALUKO

Ulwaluko olu lude, ludala, lunenkqayi. Lusukela kwakumaxesha eBhayibhile. Abantu bokuqala ukwaluka ekubhaliweyo ngabo eBhayibhileni ngu-Abhram nonyana wakhe u-Ishmayeli (iGenesis 17:23-27)

Ukususela kule nkonde amaHebhere athi alubamba ulwaluko. Umntu wokugqibela ukwaluka ekubhaliweyo ngaye eBhayibhileni nguTimoti, esaluswa nguPawulosi (Izenzo 16:3)

Ngamaxesha eBhayibhile ulwaluko lwaluqhutywa ngababingeleli. Yayingabo abalusa abantwana, *INGUMSEBENZI ABAWUNIKWE NGUTHIXO LOWO* (Ngamanye amazwi ayinguye nokuba ngubani na omakoluse amkhwenkwe).

THE WORD OF GOD WITH "GRACE"

Theme: Break the Yoke of Prayerlessness - Part One

You know what makes me to fear this topic as I was preparing reading from verse 39, in verse 45 there is a fearful statement: he found them sleeping for sorrow. And I asked myself what the meaning of this was: here it is: (The phrase "sleeping for sorrow" means they were emotionally overwhelmed—so burdened by fear, confusion, and grief over what Jesus had just told them (His suffering and death), that their sorrow drained them to the point of sleep. This shows that deep emotional pain or spiritual heaviness can lead to a kind of emotional shutdown, where instead of praying or staying alert, people retreat inward and fall into spiritual lethargy). In verse 41, the bible says Jesus was praying just a stone's cast away from them meaning He was very close to them yet they fell asleep.

Key Verse: Luke 22:46 (KJV)
 "And said unto them, Why sleep ye? rise and pray, lest ye enter into temptation."

(NKJV) "Why are you sleeping? he asked them. "Get up and pray so that you will not fall into temptation.

Under this topic we are going to cover a lot of important issues that brings us here tonight: 1) Understanding the yoke of prayerlessness, 2) Causes of prayerlessness, 3) Dangers of prayerlessness, 4) How to break the yoke of prayerlessness, 5) Promises of prayerfulness.

I. Understanding the Yoke of Prayerlessness

A yoke in biblical terms is a symbol of bondage, burden, or control (Matthew 11:28-30). "Come to me, all you who are weary and burdened, and I will give you rest. Take my yoke upon you, and learn of me: for I am meek and lowly in heart; and ye shall find rest unto your souls. For my yoke is easy, and my burden is light. What is this weariness the bible talks about: sin, guilt, fear, religion, or life's pressures.

•Prayerlessness is a spiritual yoke because it: Disconnects us from God's presence and power. Opens doors to temptation and spiritual defeat. Weakens our faith and discernment.
 Isaiah 40:29-31 – "He gives power to the faint... they that wait upon the Lord shall renew their strength."

II. Causes of Prayerlessness

1. Spiritual Laziness or Sleepiness

Luke 22:46 – Jesus finds His disciples sleeping in the hour of crisis. "Why are you sleeping? he asked them. "Get up and pray so that you will not fall into temptation.

Proverbs 6:10-11 – "A little sleep, a little slumber... so shall your poverty come." This is to me is both spiritual and physical poverty. You also starving those God has assigned to you. Because if you don't pray your starving your spirit and if you don't work or do something you starve your family, yourself, or those dependent on you.

ukufunda uye wafumana ithuba (Opportunity) yokuba ayokwenza i'internship' eRhawutini ngo-2023. Uthi ke kulapho athe wasebenza njengosomxhakaxhaka womculo (sound technician) esebenza neemvumi ezingosaziwayo ezinje ngo-Amanda Black, wenza nee'jazz festivals'. Njengangoku uncedisa ukubeka kwinqwano eliphuzulu iqela laseBhayi (Gqeberha)awalibona ku'Facebook' walikrweca ngenjongo yokulancedisa. Topic: The Blessing of the 2nd Phase of the Building Project
 Scripture: 1 Kings 9:1 And it came to pass, when Solomon had finished the building of the house of the LORD, and the king's house, and all Solomon's desire which he was pleased to do,

Welcome to Morning Dew! Your Christocentric truth reflects your true identity in Christ Jesus. Indeed, joy cometh in the morning, seeing the building of the house of God.

SEE THE BIGGER PICTURE:
 Yesterday marked a joyful milestone as our building project rose from its foundation. As we embark on this new phase, let's see the bigger picture. God's perspective is vast, encompassing the end from the beginning (Isaiah 46:10). This project is more than just a structure; it's a place of worship, solution, and ministry.

Reflection:
 1. God sees the bigger picture, and His purpose will stand.
 2. Our building project began its 2nd phase with great joy and prophetic significance. 3. Solomon's example shows that building God's house can lead to God's provision for our own needs.

Call to Action:
 Join us in building God's house. Give your financial support, and trust that God will change your situation.

Prayer:
 Oh Lord God, thank you for what you're doing in our days.

 When you see what God is doing, He gives you the ability to do the same.
